Re: Authorized Maximum Mileage Rate
Increase effective January 1, 2018

Dear Sisters and Brothers:

The Internal Revenue Service issued the 2018 standard mileage rates used to calculate the deductible costs of operating an automobile for business. Beginning on January 1, 2018 the standard rates for the use of an automobile will be 54.5 cents per mile for business miles driven.

Therefore, I am authorizing automobile mileage allowance consistent with the maximum rate set by the Internal Revenue Service (Notice 2018-03), effective January 1, 2018. The automobile rate will be increased by one cent, from 53.5 cents per mile to 54.5 cents per mile.

Fraternally yours,
