Community Toolkit for COVID-19 Testing and Contact Tracing Education Campaign

Welcome

This is a community toolkit developed for the New Jersey Department of Health as part of the State's effort to educate New Jerseyans about the importance of COVID-19 testing and contact tracing.

We're pleased to provide you with this digital toolkit that contains shareable content local departments of health and other community leaders can distribute to their networks and in their communities. This toolkit includes static images, GIFs, videos, and audio ads, including assets translated to Spanish, Arabic, Korean, Mandarin, Cantonese, Hindi, Gujrati, and Marathi. This content is formatted so it is easily sharable via digital means.

We hope that this toolkit provides to you and your community the assets you need to ensure our entire state learns how testing and contact tracing are critical in the fight against COVID-19.

**WHENEVER POSSIBLE,
WHEN SHARING
THIS CONTENT, PLEASE
