Re: Authorized Maximum Mileage Rate Increase  
Effective January 1, 2022

Dear Sisters and Brothers:

The Internal Revenue Service issued the 2022 standard mileage rates used to calculate the deductible costs of operating an automobile for business. Beginning on January 1, 2022 the standard rates for the use of an automobile will be 58.5 cents per mile for business miles driven.

Therefore, I am authorizing automobile mileage allowance consistent with the maximum rate set by the Internal Revenue Service (Notice 2022-03), effective January 1, 2022. The automobile rate will be increased by two and one-half cents, from 56.0 cents per mile to 58.5 cents per mile.

Fraternaly yours,

Jeremy R. Ferguson  
President – Transportation Division
