Memorandum

TO: All Rail Employees

FROM: Bill Feeney

Safety Program Administrator

DATE: December 22, 2021

SUBJECT: Prescription Safety Eyewear Program – Hoya Optical

All NJ TRANSIT Rail employees are eligible for <u>two pairs</u> (**one clear pair and one tinted pair**, **or two clear pairs**) of prescription safety eyewear per calendar year.

The vendor for the Prescription Safety Eyewear Program is Hoya Optical. The procedure is to take your prescription to one of the eye care professionals on our approved list. The providers will have blank order forms for you provided you show a valid NJ TRANSIT ID. The eye care professional will then fax your completed forms directly to Hoya.

These are **important points to remember**:

- You must use one of the eye care professionals on NJ TRANSIT Eye Care Provider list. NJ TRANSIT <u>WILL NOT BE RESPONSIBLE FOR ANY CHARGES</u> you might incur if a non-participating provider is used.
- 2. The approved frames are on display with the eye care professionals. The providers will receive the glasses from Hoya within 2 3 weeks. If you do not hear from the eye care professional after that time, contact them to verify if the glasses have arrived.
- 3. This program is for eyeglasses only; payment for eye examinations are the responsibility of the employee, subject to the applicable union agreement.
- 4. Upgrades are allowed <u>only</u> if accompanied with appropriate documentation and are subject to approval.
- 5. The following are not permitted:
 - a) Glass lenses
 - b) Photosensitive lenses
 - c) Transition lenses
 - d) Eyewear without side shields

Side shields must be permanent. **<u>DO NOT REMOVE</u>** the side shields or you will not be in compliance with Safety Rule 252.

Please contact Bill Feeney at 973-491-8945 or wfeeney@njtransit.com for further information.

INSTRUCTIONS FOR ORDERING SAFETY GLASSES:

- 1. Choose an approved eye care provider from the NJ TRANSIT Eye Care Provider list.
- 2. Inform the provider that you are an NJ TRANSIT Rail employee and present your NJ TRANSIT employee ID badge.
- 3. Your eye care provider will print and fill out your Hoya Eyewear Order Form with your information.
- 4. Choose a pair of frames (one clear pair and one tinted pair, or two clear pairs) from the NJ TRANSIT Frame Catalog 2019.
- 5. Hoya will return the finished glasses by mail to the eye care professional indicated on the completed Hoya Eyewear Order Form.

It normally takes 2-3 weeks for the glasses to be returned to the eye care professional. You can call them any time within that period to see if your glasses are ready.

RETURNS

If you have any problems with your glasses or if they need repair, contact Bill Feeney at wfeeney@njtransit.com or 973-491-8945 for forwarding instructions.

Employee Ordering Instructions

- 1. You will need a <u>valid</u> (less than 2 years old) eyewear prescription to order safety prescription eyewear. The doctor of your choice may provide your exam and prescription; or you may choose to use one of the SafeVision Eye Care Professional locations.
- 2. SafeVision offers numerous Eye Care Professional dispensing locations. These locations may be accessed through our web site at https://us.hoyasafety.com/ecp.asp. Safety eyewear may only be ordered from these locations.
- 3. The Eye Care Professional (ECP) will assist you with frame and lens selection, complete the order form and place the order with SafeVision.
- 4. The completed eyewear will be shipped directly to the ECP location where the order was placed. They will contact you when eyewear is ready. Please allow 10 business days for delivery.

Employee Co-Payments (if applicable)

<u>If</u> your company allows you to upgrade your eyewear, payment is <u>required for these options at the time the order is submitted</u>. These options are identified on the order form marked with an **"E" and a dollar amount**. SafeVision accepts the following credit/debit cards for payment; Visa, MasterCard, Discover and American Express. No payments via personal checks or cash will be accepted.

- * SafeVision has created 2 options for you to protect (encrypt) your credit card information. See 1 and 2 below.
- * You will see a "Pre-Authorization" amount on your credit card statement for the Co-Pay amount when your order is placed. However, no charges will be made to your card until the eyewear is completed. At that time, a <u>separate</u> charge will appear for the same amount. The original Pre-Authorization amount will be removed by the credit card company within 3-5 business days.
- * To obtain a receipt for your purchase, please select the on-line option. A receipt will be sent to the email address you supply to SafeVision upon shipment of your order.
- Your Secure Credit Card ID (Token) is valid for the life of your card if you wish to make additional purchases.
- 1. Phone Option:

Call toll free **866-235-5506** and select option 2. Simply follow the prompts to complete the process. It is important that you enter the same contact phone number as you entered on the SafeVision order form when prompted. The system will issue you a Secure Credit Card ID "Token" number. Simply write this number into the Credit Card Secure ID box titled "**EMPLOYEE**" on the order form.

2. On-Line Option:

Please enter this address into your internet browser https://us.hoyasafety.com/gettoken. This site assists you to obtain a Credit Card Secure ID (Token) number for your credit card. When you complete this short process, an email will be sent to the email address you supplied with your token number. Simply write this "Token" number into the Credit Card Secure ID box titled "EMPLOYEE" on the order form.

• For faster service please create your credit card Token number prior to visiting the Eye Care Professional.

Eye Care Professional Instructions:

- This employee may obtain safety prescription eyewear through SafeVision. If an eye exam is performed, payment for the exam is the **responsibility of the employee** and is not covered by this form.
- Be sure to include your SafeVision account number on the order form. The account number will ensure that the completed order is shipped to the correct location. Your account number also ensures prompt and accurate payment of dispensing fees.
- Please contact the employee directly to schedule an appointment for delivery and final adjustment of the eyewear.
- We thank you for your continued support and value your assistance in protecting the vision of the American workforce.
