Re: Authorized Maximum Mileage Rate
Increase effective July 1, 2022

Dear Sisters and Brothers:

The Internal Revenue Service issued an increase to the 2022 standard mileage rates used to calculate the deductible costs of operating an automobile for business. Beginning on July 1, 2022 the standard rates for the use of an automobile will be 62.5 cents per mile for business miles driven.

Therefore, I am authorizing automobile mileage allowance consistent with the maximum rate set by the Internal Revenue Service (Issue Number: IR-2022-124), effective July 1, 2022. The automobile rate will be increased by four cents, from 58.5 cents per mile to 62.5 cents per mile.

Fraternally yours,

Jeremy R. Ferguson
President – Transportation Division
